

Learn How to Save a Life

Sudden cardiac arrest at home kills over 90% of victims,
in part because no one present knows CPR.

...but in about an hour, you can learn the basics of CPR.*

Wednesday, February 24
Saint Clare's Hospital Conference Center
Two Sessions: 4:30 or 6:30pm
Call 888-735-7189 to register

This is an informal training session that includes
a training kit you can take home for family and friends.

The Marshfield Clinic and Ministry Health Care heart care team provides cardiology specialty care throughout central and northern Wisconsin with two surgical centers: Saint Clare's Hospital and Saint Joseph's Hospital. To celebrate the 500th heart surgery at Saint Clare's Hospital, the Marshfield Clinic and Ministry Health Care heart care team is teaching CPR basics to over 500 people.

This program is provided **free of charge** by

 **Marshfield Clinic**
 **MINISTRY HEALTH CARE**
